

DIPLOMA IN DIALYSIS TECHNICIAN (DDT)

Annual Intake 10 seats,
Duration - 2 years
Eligibility - 10+2 with
40% marks in
PCB/PCM

CAMPUS AMENITIES

Boys & Girls Hostels with 24 hours electricity & water supply, Student Mess, Wi-fi campus, CCTV monitor security, Modern Gymnasium, Well stocked Library, Computer Centre, Indoor & Outdoor sports facilities, Badminton & Basket Ball Court, SRMS Cricket Academy, Cafeteria and Food Court, Guest House, Staff Club, Bank & ATM facility, Laundry, Lord Krishna & Shiva Temple, Auditorium, Departmental Store.

CAMPUS LIFE

Annual Cultural & Sports Event - Every year, a Cultural & Sports event is organized to develop and showcase extra curricular skills of the students. Various competitive events like dance, singing, rangoli, mehandi, art competition, drama, quiz, debate, Cricket, badminton, chess, table tennis, carrom, track & field are organized. These events are organized by the student club - "Vibrant".

Celebrations - Students celebrate all their memorable moments like Fresher's party, Farewell party and Annual Fest. Students also take parts in celebration of various events like World Health Day, World AIDS day, Breast Feeding day, Eye donation, Glucoma day, Blood donation etc.

National Festivals - Celebration of National Festivals like Republic Day, Independence Day & Gandhi Jayanti are very important activities in the Institution to bring the feeling of patriotism and self contribution in Nation building.

ABOUT THE INSTITUE

Shri Ram Murti Smarak Paramedical Institutions, Bareilly - Unnao is the consortium of following institutions, established & run by the Shri Ram Murti Smarak Trust.

1. Shri Ram Murti Smarak Institute of Paramedical Sciences, Bareilly (U.P.) Estd - 2011
2. Shri Ram Murti Smarak College of Nursing and Paramedical Sciences, Nawabganj - Unnao, (U.P.) Estd - 2018

The visionary zeal of the Chairman is to serve the society at large by providing not only good professionals but also committed and better citizens who will prove to be an asset to society. The campus offers healthy atmosphere for teaching, learning, patient care and living.

The Institutions are Approved by U.P. State Medical Faculty, Lucknow & Affiliated to MJP Rohilkhand University, Bareilly.

Goal of the Programme - Programme has been designed taking into account all aspects related to health care, patient care, teaching and research. The goal of the programme is to produce high class paramedics who are aware & sensitive to health needs of the country. The ultimate goal of this programme is to ensure capabilities to participate in preventive & rehabilitative aspects of the diseases & to educate the persons in the society and to keep abreast themselves with the continuing medical education.

ABOUT TEACHING HOSPITAL

1. Shri Ram Murti Smarak Multi Super Speciality Tertiary Care Hospital & Trauma Centre, Bareilly has most modern 950 bed, centrally air-conditioned, established in 2002. The Hospital has 500 teaching beds for teaching & training of students pursuing MBBS, Nursing & Paramedical. The treatment of the patients on these beds is done free of cost. the Hospital has world class medical infrastructure for Outdoor patients, Indoor treatment, Critical Care, Emergency, Cancer treatment, Cardiac Treatment, Dialysis, Radiology, Laboratory and other Diagnostics & Blood Bank along with 15 Laminar Flow Modular Operations theaters.
2. Shri Ram Murti Smarak Multi Speciality Hospital & Trauma Centre, Unnao has most modern 165 bed, centrally air-conditioned, Multi Super Speciality, Tertiary Care and a Trauma Hospital established in 2018. The Hospital aims to provide best of the medical care to the indoor & outdoor patients. The Hospital is well equipped with modern facilities and world class medical infrastructure.

Scholarship Worth ₹ 3.5 Crores

Merit Scholarship

Late Shri Ram Murti ji was a great source of inspiration for particularly the meritorious but economically weaker students. Therefore the Trust decided to offer financial help to economically weak but meritorious students from the day of its inception. Initially such help was limited to only 10+2 and undergraduate students (1990). Later on such scholarship was extended to the students pursuing professional, technical, medical, nursing and paramedical courses in institutions run by the Trust. The year 2007 was the turning point when Trust decided to distribute Scholarships of RUPEES THREE CRORE each year to meritorious students of institutions run by the Trust.

The Scholarship proposed every year for the meritorious students of Institute of Paramedical Sciences by the trust is as follows:

- Shri Ram Murti Smarak Trust Scholarship of Rs. 15,000/- for securing 91% and above marks in University Exam.
- Shri Ram Murti Smarak Trust Scholarship of Rs. 12,500/- for securing marks from 85% to 90% in University Exam.
- Shri Ram Murti Smarak Trust Scholarship of Rs. 10,000/- for securing marks from 80% to 84% in University Exam.

All India Talent Scholarship of ₹ 50 Lakh

All India talent scholarship of SRMS Trust is given during period of research to regular scholars to cover part of expenditures incurred in their research work in the disciplines of Management, Engineering & Technology, Economics, Law, Humanities, Medicine & Fundamental Sciences. The Trust earmark a separate budget of Rs. 50 lakh to disburse the scholarships in each academic year.

Scholarship Recipients during Shradhanjali Samaroh held on October 02, 2022

Physiotherapy

"Physiotherapy is the Science of prevention, Cure & Rehabilitation for the physically disabled and challenged people"

Physiotherapists use their knowledge and skills to improve a range of conditions associated with different systems of the body, such as Neurological (stroke, multiple sclerosis, Parkinson's), Musculoskeletal (back pain, neck and shoulder pain, sports injuries, arthritis), Cardiovascular (chronic heart disease, rehabilitation after heart attack), Respiratory (asthma, chronic obstructive pulmonary disease, Pneumonia)

Physical therapy is a professional career which has many specialities including Musculoskeletal, Orthopedics, Cardiopulmonary, Neurology, Endocrinology, Sports medicine, Geriatrics, Pediatrics, women's health, wound care and electromyography. Physical therapy is a branch of rehabilitative health that uses specially designed exercises and equipments to help patients regain or improve their physical abilities.

Master of Physiotherapy (MPT)

Specialization in Ortho, Neuro, Sports
Annual Intake 20 seats, Duration - 2 years, Eligibility - BPT

Bachelor of Physiotherapy (BPT)

Annual Intake 40 seats, Duration - 4 years + 6 months internship
Eligibility - 10+2 with 50% marks in PCB

Diploma Physiotherapy (DPT)

Annual Intake 30 seats, Duration - 2 years
Eligibility - 10+2 with 50% marks in PCB/PCM

Scope: Working inside Hospitals, as in private Hospitals, government hospitals such as in Defence services, Railways, private practices, Rehabilitation centers, sporting clubs and community health centers, Schools, Child Development centers, Industry, Recreation centre. Physical therapists also practice in the non-patient care roles such as health policy, Health insurance, Health care administration and as health care executives & in the medical-legal field serving as experts.

About the Department: The department was established in 2002 & attached with 950 bed multi super speciality teaching Hospital. It fulfills all the requirements of physiotherapy patients. Recently we have started SRMS Step2life which is a North India's most innovative Rehabilitation & Physiotherapy Centre with the world class equipments like Gait and Motion Lab, Robotic Tilt Table, Robotic Gait Trainer, Hydrotherapy, Isometric Chair.

Starting salary: Generally the starting salary of Physiotherapist starts from Rs. 15000/- to Rs. 25000/- per month depending upon the type of centre & individual competence.

Placement: SRMS makes every student well prepared for placements. A number of companies likes IDS Infotech, Portea, Medanta Hospitals & SRMS Step2life-A Rehabilitation & Physiotherapy Centre have visited so far & campus placement provided to our students.

Specialized Labs:

- Wax Bath Room
- Electrotherapy Lab
- Exercise Therapy Lab
- Magnetic Therapy Lab
- Rehabilitation Lab
- Occupational Therapy Lab

Optometry

An optometrist is a healthcare professional capable of diagnosing eye diseases/vision problems, prescribing lenses/spectacles, performing treatment (in some cases) and referring patients to an Ophthalmologist or relevant Doctor (if required).

- Diagnose sight problems, such as near sightedness or far sightedness, and eye diseases, such as Cataract, glaucoma, Prescribe eyeglasses, contact lenses, and other visual aids.
- Perform minor surgical procedures to correct or treat visual health.
- Provide treatments such as vision therapy or low-vision rehabilitation
- Provide pre- and postoperative care to patients undergoing eye surgery.
- Evaluate patients for the presence of other diseases and conditions, such as diabetes or hypertension, and refer patients to other healthcare providers as needed.
- Promote eye and general health by counseling patients

Master of Optometry (M.Optom)

Annual Intake 20 seats, Duration - 2 years, Eligibility - B.Optom

Bachelor of Optometry (B.Optom)

Annual Intake 40 seats, Duration - 4 years (3+1 year internship)
Eligibility - 10+2 with 50% marks in PCB /PCM

Diploma in Optometry (DOPT)

Annual Intake 30 seats, Duration - 2 years
Eligibility - 10+2 with 50% marks in PCB /PCM

Scope of Optometry

Solo Private Practice, Partnership or Group Practice, Interdisciplinary Care Retail/Optical Settings, Optometric / Ophthalmologic Professional Settings Health Maintenance Organizations, Military/ Public Health Academic / Research, Corporate / Industrial Houses. Recent studies have shown that India annually needs at least 5,000 more trained optometrists in rural, suburban and urban areas."But there is a severe shortage of trained hands.

About the Department: The department was established in 2002 & attached with 950 bed multi super speciality teaching Hospital. It fulfills all the requirements of Optometry patients. Fundus Angiography, contact lenses, Orthoptics, Lasers, Eye bank.

Starting Salary: From Rs 15k to 35k per month

Placement: 100% Placement up to Year 2018 companies like Lenskart, Titan Plus, Vision Express have visited so far and provided Placement to our students.

Specialized Labs:

- Refraction Lab/ Contact Lens Lab
- Refractometer/ Kerotometer Room
- Eye Bank
- Orthoptics Lab
- Lens making workshop
- Laser and Angiography

Medical Laboratory Science

Medical Laboratory Science is an advanced discipline of science which deals with the analysis, cure & prevention of diseases through various laboratory tests.

B.Sc in Medical Laboratory Science is an advance course designed with specialized classes and focuses on the practical learning of the student. Candidates after their successful completion of Bachelor of science (B.Sc) course in MLT have vast opportunities both in terms of higher study options and also in pursuing a profession. Medical Laboratory Technologist or technicians are allied healthcare professionals. Their main task is diagnosis of disease in patients referred to them by Doctors. Medical technologists are an integral part of the medical profession. These professionals are involved in the practical and technical work for proper diagnosis and effective functioning of biochemical laboratories.

Master in Medical Laboratory Sciences (Path.)

Annual Intake 20 seats, Duration - 2 years, Eligibility - BMLS

Bachelor in Medical Laboratory Sciences (BMLS)

Annual Intake 40 seats, Duration - 4 years (3+1 year internship)
Eligibility - 10+2 with 50% marks in PCB

Diploma in Blood Transfusion Technicians (D.B.T.T)

Annual Intake 30 seats, Duration - 2 years
Eligibility - 10+2 with 40% marks in PCB/PCM

Scope

Depending upon training and qualification, MLT professionals may work as technologists at medical laboratories. After gaining work experience, one may rise through the posts and even become lab manager. Medical labs are where MLT professionals can be seen in action. Government hospitals, private hospitals, clinics and nursing homes having medical labs are known to recruit medical technicians. Independent commercial medical labs and pathological labs are also known to recruit MLT professionals.

About the department

The department was established in 2002 and attached with 950 bed multi super speciality teaching hospital. It fulfill all the requirement of medical laboratories like clinical pathology, clinical biochemistry, clinical microbiology, department of transfusion practices etc.

Starting salary: Generally the starting salary of Technologist starts from 15000/- to 25000/-per month depending upon the type of laboratories and individual competency.

Placement

SRMS makes every student well prepared for placement and campus placement is also provided to our students.

Specialized labs

- Pathology lab.
- Clinical biochemistry lab.
- Histopathology lab.
- Cytopathology lab.
- Microbiology lab.
- Blood bank
- Central research lab.

BMRIT Technology

Bachelor of science in Radiological Imaging Techniques programme is introduced as part of paramedical studies, applicable to individual seeking job oriented course. A Radiographer/ Radiotechnologist takes images of internal body part of the patient by the help of x-rays.

In addition to X-Rays, a Radiotechnologist can also deal with CT scanner, MRI scanner for producing images. Radiology field is divided mainly into two parts namely - 1. Diagnostic Radiology 2. Interventional Radiology.

Master of Science in Radiological and Imaging Technology (MRIT)

Annual Intake 20 seats, Duration - 2 years, Eligibility - BRIT

Bachelor of Medical in Radiological and Imaging Technology (BMRIT)

Annual Intake - 40 seats Duration - 4 years (3+1 year internship)
Eligibility -10+2 with 50% marks in PCB

Diploma in CT Scan Technician (DCTT)

Annual Intake - 30 seats Duration - 2 yrs
Eligibility -10+2 with 50% marks in PCB / PCM

Scope

The graduates work as imaging technologists in private as well as govt. hospitals such as Defence services, public health care centres, Railways hospitals & District hospitals. The graduates can also join as application specialists in imaging equipment companies such as GE healthcare system, Phillips, Siemens etc. Graduates can also work as radiation safety officers (RSO) in Radiology dept. of hospitals. The graduates can also have the teaching option in educational institutions in India and abroad. Students can also pursue research work in post graduation after completion of their course.

About the Department

The department is equipped with modern techniques imaging equipments communicating with 950 bed multi super specialty teaching hospital. Department has made its top priority to improve patient care and access to high quality images on demand. Here several procedures are being performed such as X-Rays of different body parts, I.V.U., CT Angiography, MR Angiography.

Starting Salary

Average salary of a Radiographer/ Radiotechnologist is expected to be Rs. 1.8 Lakhs-4.8 Lakhs INR annually

Placement

SRMS makes every student well prepared for placements. Campus placements is provided to our students. Our various alumni are placed in different corporate hospitals like Medanta, Apollo, Fortis, Columbia Asia as well as in govt. hospitals.

Specialized labs

- X-Ray-800mAs Luminous LSRS &500mAs and 300mAs Allengers
- Fluoroscopy-800 mAs Luminous LSRS
- Mammography-1000mAs mammomat
- CT scanner-32 slices and 256 slices
- MRI scanner-1.5 tesla (24 channels) and 3 Tesla (48 channels).
- DEXA Scan (BMD)-Hologic

OT Technology

An operation theatre technician assists the surgeon and the anesthetist during the surgery. Some other job responsibilities includes preparing OT for surgery, checking and maintaining of equipments, preparation of patient for surgery, assistance to surgeon and anesthetist by arranging OT equipments, instrument, managing supplies. Patient's position & vital are required before the surgery and procedure.

OT, ICU, ICCU and Trauma center are common work places of OT Technician. They are capable of taking care of basic patient monitoring activities.

Master of Science in Operation Theater Technology (MOTT)

Annual Intake 20 seats, Duration - 2 years, Eligibility - BOTT

Bachelor of Science in Operation Theater Technology (BOTT)

Annual Intake 40 seats, Duration - 4 years (3+1 year internship)
Eligibility - 10+2 with 50% marks in PCB

Diploma in Operation Theater Technician (DOTT)

Annual Intake 30 seats, Duration - 2 years
Eligibility - 10+2 with 50% marks in PCB / PCM

Scope

OTT is a job oriented paramedical course. There is a lot of scope after completion of this course in Govt./Semi-Govt./ Medical colleges, private Hospital, Nursing homes and Paramedical institutes in India and abroad.

An OT Technician can work as -

- OT Technician Grade 1st
- OT Technician Grade 2nd
- OT Assistant
- Anesthesia Technician Grade 1st
- Anesthesia Technician Grade 2nd
- Anesthesia Assistant
- ICU Technician
- CSSD Technician / Assistant

About the Department - The department was established in 2002 & attachment with 950 bed multi super specialty teaching hospital. It fulfills all the requirement of surgery for patient. 17 well equipped Operation Theaters run in the hospital. We have started the cardiothoracic vascular surgery OT.

Salary

In India an OT technicians may earn around 25-30k Rupees per month. In case of Government job, salary will be based on Pay Band and scale. In case of Foreign job the pay scale is much higher than in India.

Placement

SRMS makes every student well prepared for placement and campus placement is also provide to our students.

Specialized Labs

- 17 Well equipped Operation Theaters
- General Surgery OT
- Gynecology Surgery OT
- Urology Surgery OT
- Plastic Surgery OT
- Cancer Surgery OT
- Neurology Surgery OT
- Orthopedics Surgery OT
- ENT Surgery OT
- Ophthalmology Surgery OT
- Gastro surgery OT
- Cardio - Vascular Surgery OT
- ICU, ICCU, CATH Lab. Cath Lab for interventional Cardiology
